## INVESTS LARGE SUM IN BATH TUBS

**William Cooper, Retired Rush County  
Farmer, is Now Wondering if  
Deal Was Straight.**

**GIVES 10 NOTES FOR \$250 EACH**

**For Right to Sell in Territory Inclu-  
ding This City—May be  
a Fake.**

William Cooper, a retired Center township farmer now living in Knightstown is greatly concerned over a deal he closed last week with a man by the name of R. D. Dewey of Detroit, Mich., who represented himself to be the patentee of a bath tub heater with portable bath tub attachment. The deal resembles the fake scheme "pulled off" several months ago in northern Indiana. Mr. Cooper is now wondering whether he will receive the tubs as was specified in the contract.

Mr. Cooper bought the right to sell the tubs in Carthage, Charlottesville Dunreith, Mays, Knightstown, Rushville and all the country district between these places. Mr. Cooper for this right signed ten notes calling for \$250 each, six of which were cashed at the banks in Knightstown and Mays. The bath outfits are supposed to sell for \$40 each, and Mr. Cooper was given the right to dispose of three thousand of them.

To play even on the deal Mr. Cooper would clean up a nice bunch of money but the tubs have not yet arrived in Knightstown. This is similar to the deal that was recently exposed in the northern part of the state. The man buying the right to sell in a certain territory puts up the money but the tubs never arrived.

Mr. Cooper is apparently satisfied with his trade but the sale of so much territory for such a large sum has given rise to considerable speculation on the part of his friends. He has not yet given up hope and it may turn out to be a straight deal.

The purchaser owns a large farm in Center township and only last fall moved to Knightstown.

## CHARGES FAILURE TO KEEP AGREEMENT

**Jacob S. Blackledge Brings Suit  
Against T. A. and Emily Cole-  
man, Demanding Damage.**

**CROPS NOT ROTATED RIGHT**

Jacob S. Blackledge brought suit in the circuit court this afternoon, through his attorneys, Watson, Titsworth & Green, against T. A. Coleman and Emily F. Coleman for \$2,405. The complaint says the plaintiff entered into an agreement with T. A. Coleman Oct. 11, 1909, Mr. Coleman leasing the Blackledge farm of 306 acres for \$1,500 a year, with stipulations. He has paid \$3,000, the plaintiff alleges, and still owes \$1,500 and interest of \$30. Mr. Blackledge sets forth the ways he was damaged: Failure to make proper crop rotation, \$600; trash accumulated, \$50; wrong use of barn, \$25; failure to keep weeds down, \$150; rail fence hauled away, \$50. This was all in the agreement, the complaint says.

## SUBSCRIBED FUND OF \$600

**Roswell, New Mexico, to Aid of Flood  
Sufferers Next Day.**

Claude Simpson, formerly editor of the Daily Republican and a resident of this city, has written of the kind of charity they practice in Roswell, New Mexico, his home. Much news of the flood was received there Tuesday, March 25, the day the water was the highest here, but the more terrible details of the disaster were not known until Wednesday. On Wednesday morning a meeting was held in Roswell and \$606 raised for the flood sufferers in Indiana and Ohio. Mr. Simpson comments on the strange prediction which resulted in the news of the flood in cities near Rushville being received at Roswell before it was here.

## INSPECT ROUTE OF EXTENSION

**President and Engineer at Brookville  
Today to See if Right-of-Way  
is Above Flood Line.**

**VARIOUS OPINIONS EXPRESSED**

Charles L. Henry, president of the Indianapolis & Cincinnati Traction company, his son Lewis W. Henry, who has been obtaining the right-of-way for the extension to Cincinnati, and A. H. Moore, an engineer, went to Brookville today to inspect the right-of-way for the extension. The trip was made to see if the proposed line was above the flood line. The opinion has been expressed since the flood that the right-of-way was out of danger from the floods, but the officials want to make sure of this by a thorough inspection.

It was feared that some changes might have to be made in the grade, which might necessitate an increase in the estimate in the cost of the new road. It has been suggested, too, that the alignment might have to be materially changed to avoid damage from a similar flood, but optimistic officials do not believe this is the case.

## SPECIAL JUDGE HEARS DEMURRER

**Attorneys Argue in Case of Lola  
Connolly Against Frank J. Hall,  
et al., to Cancel Mortgage.**

**IS TAKEN UNDER ADVISEMENT**

Special Judge Broadus heard a demurrer this afternoon in the case of Lola Connolly against Frank J. Hall, et al., to cancel a mortgage and asking an accounting. The demurrer was filed by the defendant and attacked the complaint alleging that there were no grounds for the case. The case grew out of the settlement of Mrs. Connolly with her attorneys in her suit against Walter Duke, which was tried in Decatur county. Judge Wiley of Indianapolis and John Osborn of Greensburg defendants in the case were present this afternoon. Will M. Sparks represents the plaintiff. The complaint alleges that the plaintiff paid her attorneys too much money and gave a mortgage which she now wants canceled. Judge Broadus took the demurrer under advisement.

## TO COST COUNTY OVER \$100,000

**Council Today Asked to appropriate  
\$59,382 For Road and Bridge  
Loss Due to Flood.**

**AND STILL MORE IS TO COME**

**Allows \$2,327.67 in Back Fees Le-  
galized by Legislature—Can't  
Finish Estimates Today.**

The county council, which was in called session today to make appropriations to repair and rebuild bridges and roads that were damaged by the flood last month, was asked to appropriate \$52,082 for bridges and \$7,300 for roads.

In addition to this the county council was asked to and did appropriate \$2,327.67 in back fees to county officials. They were legalized by the legislature, and were fees that had not been retained by the officials.

The appropriations that are asked for bridge and road repair is not as much as will have to be expended because of the flood. There are a number of washed-out bridges and damaged roads that were not included in the estimate presented by County Surveyor Adolphus Cameron.

One road that follows Flatrock river in the southern part of the county will have to be completely rebuilt, and it is reported that residents of the community will petition the commissioners to change the course of the road so the damage will not recur in case of another flood. These estimates today, of course, did not include the large amount of work that has already been done on culverts, small bridges and roads by roads supervisors.

"I will guess conservatively," said a member of the county council today, "that Rush county will not get out less than the expenditure of a hundred thousand dollars."

Every members of the county council was in attendance today. The council will have to meet again tomorrow because the law does not allow the council to appropriate only a small sum in a one-day meeting. It was doubtful this afternoon, anyway, whether the work could be finished up today. The council took up the bridge and road estimates after dinner.

All of the bridges that went out are to be of concrete. In some instances the bridges that went down were old structures and a new one might have had to be built at any time anyway. In this respect the county will gain.

The commissioners were in session in an adjoining room today but nothing of importance was done. They were present to help the council if they were called upon. It has been reported to the commissioners that the east abutment of the East Hill cemetery bridge is rotting away and will have to be repaired or replaced.

The estimates do not include two county-line bridges that are to be replaced. The commissioners held a joint session recently with the Decatur commissioners and it was agreed Decatur county should build a bridge at Williamstown and Rush county would pay half the cost. The same agreement was made with the Henry county commissioners in regard to a Lewisville bridge.

Members of the council were practically unanimous in the belief that there would be little change between the estimates and the ultimate appropriations. The general opinion was that the damage had been done and could not be helped, and that Rush county had to have bridges

## DRAFT IS TAKEN TO BROOKVILLE

**Five Rushville Men go to Franklin  
County Seat Today in Auto-  
mobile With \$1,823.49.**

**GIFT OF THE CITY AND COUNTY**

**Some Rushville and Rush County  
People Send Money to Brook-  
ville Through Other Channels.**

With a draft on a Cincinnati bank for \$1,823.49, five Rushville men left this morning at nine o'clock in Lien Oneal's automobile for Brookville where they will turn over the money to John C. Shirk, treasurer of the Brookville relief fund as a gift from the people of Rushville and Rush county to a distressed people in a sister city.

The draft represents the fund raised through the Daily Republican for the flood sufferers. This city and county was late in getting started, but when it did, it outstripped any of its neighbors' charity. It heard the cry of human beings floundering in the mire of the aftermath of the most disastrous flood in the history of Indiana.

The men who took the draft to Brookville were A. L. Riggs, Lien Oneal, Will M. Bliss, W. E. Havens and Lon Link. In addition to the twenty-five dollars they contributed to the local fund, Oneal Brothers, of which Lien Oneal is a member, gave seventy-five dollars for the Brookville flood sufferers through their wool agents at Brookville.

To A. L. Riggs belongs much of the credit for the fund, because it was he who suggested it and asked the Daily Republican to take it up. It occurred to him that this city and county should not allow the adjoining counties to do all the relief work. Rushville was somewhat shocked to awake Tuesday morning, March 25, and find the most serious flood in its history lapping in its backyard and threatening to do considerable damage, and it took a little time to recover and look about.

The first look was sufficient. Here on the east was a neighbor who had lost human life and hundreds of dollars worth of property, a tribute to the unsatisfied water. Rushville had been so selfish in the meantime mourning her own loss that she thought nothing of her neighbors. She had been sitting idly by when there was one next door who had suffered many times greater.

The draft represents the free will offering of Rushville and Rush county—and it will never be forgotten by Brookville. People of the Franklin county seat will know they have a neighbor who is true blue, one who was weighed and not found wanting.

No coercion was used in raising the fund. Individuals, lodges, churches, women's clubs, Sunday schools and many other organizations responded with a zeal that speaks volumes for the human sympathy that abounds in the breasts of Rush county people.

The relief fund as printed in the Brookville newspapers this week shows that some Rush county people have contributed through other channels than the Republican fund. The Friends Sunday school at Dunreith sent \$5. Ida Pond of New Salem contributed \$5. The Soldiers' and Sailors' Orphans' home at Knightstown, through the superintendent, Daniel Ryan, sent \$5. The Rushville crowd which delivered the bedclothing last Sunday left \$7. The Andersonville Red Men's lodge gave

## ADVANCE COPY RECEIVED

**Volume of 1913 Acts Much Larger  
Than 1911.**

Advance copies of the acts of 1913 have been received in this city. The general distribution will not be until next month. The volume is much larger than that issued two years ago. The volume of the 1913 acts contains 1132 pages while the one for 1911 had only 860 pages. The size of the 1913 acts was increased by the school laws, the inheritance tax law, the public service commission law and the negotiable instrument law. The negotiable instrument law contains 131 sections and occupies thirty pages. The public service commission law contains 131 sections and occupies forty-seven pages.

## GRAY WILL STICK TO DEMOCRATIC PARTY

**Sixth Dist. Congressman Declares It  
Is Progressive and Doesn't Heed  
Bull Moose Overtures**

**DECIDEDLY FOR FREE SUGAR**

Representative Finly Gray from this district has not heeded the overtures made by the Bull Moosers and made it known he intends to stay by the ship.

"It looks to me," he said, "that the Democratic party is starting out along the right lines. President Wilson is progressive and the tariff bill that has been brought into the house by the ways and means committee appears to be a progressive measure. If it subsequently develops that the reactionaries capture the Democratic party and lead it out of the progressive path, I will meet that situation when I come to it."

In the Democratic caucus recently on the question of leaving a tariff on sugar to be removed automatically at the end of three years, he with Representative Cullop and Cox, of Indiana, refused to abide by the caucus plan. They declared themselves unreservedly for free sugar and it is thought that they will vote against this section of the new tariff bill if they have a chance to vote by sections.

**ANNIVERSARY MEETING.**

Tampah Tribe, Improved Order of Red Men will observe the twenty-third anniversary of the founding of the order in this city Monday night. The anniversary meeting is open to all Red Men and their families. A pie and cake social will follow the meeting.

## PUNISHABLE BY HEAVY FINE

**Attorney Must First be Admitted to  
Bar Before he Can Practice.  
Law.**

**ACTS OF LAST LEGISLATURE**

**Question of Building \$2,000,000 Cen-  
tenial Memorial to be Submitted  
to People for Vote.**

At the next general election the people of Indiana will have an opportunity to decide with the ballot whether or not they want to spend two millions of dollars for a centennial memorial building, according to a provision of the specific appropriations act of the last legislature. Another act deals with general appropriations and still another with the practice of law, all of which are briefly summarized in the following: House Bill 1 (Chapter 1), approved January 16, appropriates \$120,000 to defray the expenses of this session of the general assembly. It declares an emergency.

House Bill 641 (Chapter 184), approved March 11, is the specific appropriations bill.

Section 5 of the bill appropriates "a sum of money sufficient to pay the remaining expense, if any there be, of the Sixty-eighth general assembly."

Section 6 provides for submitting to a vote at the next general election the question of the appropriation of \$2,000,000 for a centennial memorial, and provides that, if a majority of the votes be in favor of such appropriation, the Governor shall appoint a "centennial memorial commission" of five members, not more than three of whom shall be of the same political party. The commission to be so appointed is authorized and directed, with the advice and consent of the Governor, to purchase ground and erect a state building, the cost not exceeding \$2,000,000, for which purpose said commissioners are authorized to contract for plans, specifications, land, labor, clerk hire and material. As part of such celebration the commission, with the advice and consent of the Governor, is authorized to have such public celebration of such anniversary as they may deem fit the proper, including the acquiring by the state out of said fund, of any memorial or memorials that they may deem advisable, at an expense not exceeding \$100,000.

"Should said question carry, as in this section provided \* \* \* there shall be appropriated \* \* \* the sum of \$2,000,000, or so much as may be needed, which shall be a continuing permanent appropriation

## The Importance of Keeping Posted

**Wasted Opportunities!**

"How many things we have proposed to do, how many planned, yet how we loiter in our noblest purposes! You may be always successful if you do but set out well and let your thoughts and practices proceed upon right methods."

You have often made up your mind to buy something for the person or the home, but have put off doing so from time to time. Then one day you pick up a week-old paper and discover some especially worth-while offer of the very thing you needed.

This emphasizes the importance of keeping posted on when and how to buy to advantage. Grasp your opportunities by reading the advertisements in THE DAILY REPUBLICAN every day.

## WOULD DEVELOP SOIL RESOURCES

Object of State Conference to  
Be Held In June.

### THE NEW VOCATIONAL LAW

Interest in This Important Act of the Recent Legislature Has Prompted State Bankers' Association to Call a State-Wide Meeting of Those Most Concerned With a View to Stimulating a General Interest in It.

Indianapolis, April 18.—The committee on agriculture of the Indiana Bankers' association has called a state conference on agriculture and country life in Indiana, and the meeting will be held in Indianapolis, June 3 and 4. At a meeting at which the preliminary arrangements were started the scope of the conference, a tentative program of subjects to be considered, and speakers who would be invited, were discussed. Numerous speakers were enthusiastic in their views of the opportunities placed before the whole state of Indiana through the medium of the vocational law passed by the last legislature. Some of the speakers were of the opinion that if the counties of Indiana would take advantage of this law it would mark new beginnings in the development of the soil resources of Indiana.

The bankers' association committee is "fathering" the coming conference largely because of the success many banks over the state have had in promoting corn shows in their home communities. The vocational law, in their opinion, opens still wider fields of activity for the advancement of both city and country wealth, if some organization will give such a movement a start.

It is proposed that the state conference go much further than to consider what should be done to bring about the teaching of agriculture in the public schools, which is the prime purpose of the new vocational law. The program committee proposes to engage some of the most eminent authorities and speakers in the United States for the five sessions of the conference, and farm credits, the development of home life, arousing greater interest among boys and girls in rural life and many other phases of farm activities will be considered.

The purpose of the conference is to bring together representative men and women who are in any way interested in the expansion of farming resources of the state. These will include members of all of the agricultural, horticultural and live stock associations and federations; school authorities, both from the public and high schools, as well as the state colleges; county officials, bankers, manufacturers and others.

### HE DEFAMED HIS SISTER

Extraordinary Charge Brought Against a South Bend Man.

South Bend, Ind., April 18.—Hillard S. Jones of this city has been arrested on the charge of sending obscene pictures through the mails. The pictures, it is said, were photographic freaks devised by Jones which included the picture of a nude woman and the picture of his sister's face supplanting the face originally on the card. He sent the picture to friends of his sister, according to the charge.

### Protection Against Horse-thieves.

Worthington, Ind., April 18.—A horse-thief detective association has been formed here with thirty members.

JOHN N. ANHUT.

New York Lawyer Accused of  
Offering Bribe in Thaw Case.

## BRIBERY INDICTMENT HOLDS LAWYER ANHUT

Charged With Trying to Buy  
Harry Thaw's Freedom.

New York, April 18.—Indicted by the grand jury for bribery, Attorney John N. Anhut, who received a fund of \$20,000 to aid in securing Harry K. Thaw's liberation from Matteawan, gave himself up to the district attorney's office. He was arraigned before Justice Seabury in the criminal branch of the supreme court and held under \$5,000 bail for pleading Tuesday.

There are two counts in the indictment returned against Anhut. The first charges the lawyer with aiding and abetting Thaw in offering a bribe, and the second charges him with offering a bribe. The grand jury found its indictments on the testimony of Dr. John W. Russell, former head of Matteawan, who told that body and the governor's investigating committee at Albany that he had twice been offered \$25,000 if he would sign a certificate that Thaw was sane.

When Anhut comes to plead he will offer what Assistant District Attorney DeFord, who has handled the case, claims is a plea without precedent in this state. The plea will be a claim that Anhut's testifying before the committee of inquiry at Albany has exempted him from prosecution on a bribery charge. In case the court rules that Anhut did not get immunity from his testimony at Albany, it will be claimed at the trial that the money he received from Thaw was a matter between lawyer and client and an entirely legitimate transaction and that none of it was ever offered to Dr. Russell.

**Will Send Them Back Home.**  
Washington, April 18.—The 500 Mexican and Indian soldiers held by United States troops on the Mexican border will be turned back into Mexico at once. This decision was reached by Secretaries Bryan and Garrison in conference. The arms of these prisoners have been taken from them and they will be turned back into Mexico free to go where they please.

**Probably Fatal Revolver Duel.**  
Indianapolis, April 18.—Edwin R. McIntire, fifty years old, a special police officer, was shot through the left breast, and Harry Kerrigan, thirty-five years old, a union picket man, was shot through the lower part of the abdomen, in a revolver duel as the outgrowth of a strike at the Keyless Lock company's plant.

## LITTLE CHANGE IN TARIFF BILL.

Caucus Accepts It Just as  
It Found It.

### BIG JOB IS ABOUT FINISHED

House Leaders Say the Caucus Will Conclude Its Work Tomorrow Night and Big Revenue Measure Will Be Called Up For Discussion in the House Early in the Coming Week—Debate on Free List Concluded.

Washington, April 18.—The alleged "meddling" of President Wilson with the party tariff program was again the subject of criticism in the Democratic caucus giving consideration to the Underwood bill. Every effort to amend the bill in important particulars, however, failed. On one occasion it seemed as if the Underwood leadership was about to be jolted, but the easy boss from Alabama arose in his place, contributed a few well chosen remarks, and his critics took to their seats beaten.

The caucus has made progress on the bill. The wool, silk, wood pulp and paper and the sundries schedules were passed just as reported by the committee on ways and means. Debate on the free list also was concluded. All that now remains to be disposed of are the administrative features of the bill and the income tax section. The leaders say that the caucus will conclude its work Saturday night and the bill will be called up for discussion in the house early next week.

A big fight was made over an amendment offered by Representative Bathrick of Ohio, providing that ready-made clothing should be admitted free. He insisted that as raw wool was to be admitted free of duty that a like policy should be adopted in the case of clothing. This amendment was defeated by a vote of 68 to 99. A substitute amendment providing a rate of 15 per cent on ready-made clothing also was defeated. The caucus thus retained the 35 per cent rate of the Underwood bill. Representative Decker, a new member from Missouri, severely criticised the president for his alleged interference in the framing of the tariff bill. The Missourian appeared to be of the opinion that Mr. Wilson should "shinny on his own side."

### HUGE STRIKE IS GROWING

Belgian Socialists Keep Their Protest Within Orderly Bounds.

Brussels, April 18.—The number of the strikers has increased, but apparently not to a great extent. There has been no disturbance of the peace and calmness and order continue. Vandervelde and his Socialistic colleagues have earned the admiration of the public owing to their successful efforts to maintain order. They opposed the strike as long as they could, but when they were outvoted they devoted all their efforts to prevent violence. The only disturbance has been at some small towns near Liege. The cavalry charged the crowd, but nobody was hurt.

### WIDOW RECOVERS DAMAGES

Saloonist's Bondsmen Must Pay For Death of a Customer.

Mt. Vernon, Ind., April 18.—A damage suit of unusual interest was decided in circuit court here when the suit against a company which is on the bond of James White, a saloon keeper at New Harmony, returned a verdict in favor of Mrs. Edward Huff for \$3,500. Huff, it is alleged, went to New Harmony and became intoxicated and while in that condition White sold him liquor. On his way home Huff's team ran away and, it is supposed, kicked him in the head, causing injuries from which he died.

### MAY SEND CHILDREN AWAY

Paterson Mill Strikers' Families Reduced to Desperate Straits.

Paterson, N. J., April 18.—The police receive many calls to put down rioting in the silk mill strike. One man is dying, shot through the back, the strikers say, while standing on his stoop, by a bullet fired by a private detective employed by a mill owner. Some 300 families are in such desperate straits that the proposal to send away the strikers' children, as was done in the Lawrence strike, was discussed at a meeting here last night and will be decided tonight.

### Crushed Beneath Auto.

Richmond, Ind., April 18.—Miss Lillian Dean of Richmond was killed and Mrs. Ella Commons of Centerville slightly injured north of Richmond when Mrs. Commons's machine, driven by Miss Dean, skidded and went down a steep embankment. Miss Dean was crushed beneath the car, but Mrs. Commons was thrown out and escaped with only slight injuries.

**Balloon Exploded in Mid-Air.**  
Villier-Sur-Marne, France, April 18.—Three French military officers were killed and two other persons were seriously injured when a military balloon exploded in mid-air over this place. Five persons were on board at the time.

## HOME---BEAUTIFUL

This is the chief and most worthy endeavor of every genuine home-builder, and in your re-adjustment of that home this spring, we wish to assist in making it a real wealth of beauty. Our "Floor Coverings," and "Draperies" in colorings and designs, are the latest products of this art. In fabric and fiber they are the best to be found. In price they are the lowest consistent with quality. In RUGS we have "Wilton Velvets," "Body Brussels," "Ax-minsters," "Tapestries," "Wool Fibres," in sizes 7½x10½—8¼x10½—9x9 9x12—11¼x12—10½x13½ and 12x15. Small Rugs in all sizes. Complete stock of Fillers, Linoleums, Mattings and Oil Cloths. Also "Sun Proof" Draperies, "Lace Curtains," "Bungalow and Fancy Scrims," Plain Nets."

## GUFFIN DRY GOODS CO.

"Topsy Hosiery"

"Warner Corsets"

## HERESY SMELLERS RIGHT ON THE JOB

Orthodoxy of Young Ministers  
Is Questioned.

New York, April 18.—A committee of the New York presbytery has made public a protest against the presbytery's recent action in making Presbyterian ministers out of Tertius VanDyke, a son of Dr. Henry VanDyke; Philip S. Bird, Chalmers Holbrook and John A. Murray, all recent graduates of Union Theological seminary. The committee also made public its reply to the protest.

The dispute grows out of examinations of these young men upon their belief in the virgin birth of Christ, the resurrection and the authenticity of the fourth gospel. The protestants say that the young men showed "unmistakably that they do not accept the historical reliability of either the old or new testament." Also that they refused to affirm their "faith in the virgin birth of Christ as related in the gospels of Luke and Matthew, or in the raising of Lazarus from the dead as related in the gospel of John."

The committee of presbytery replies that the candidates declared they accepted both testaments as the rule of faith and practice, and that they believed in a God able to work miracles. Regarding some miracles in the Bible which are the subject of dispute, they felt themselves not enough enlightened to come to conclusions.

It is said that the protest will be carried to the general assembly in Atlanta on May 14.

### They Blame the Suffragettes.

London, April 18.—Another supposed suffragette outrage has been reported. A switch on the Great Northern railway was found wedged with stones just before the express was due. A postman reports that he saw a young woman with a man near the place a short time before the discovery of the clogged switch.

### "The General" Haled Into Court.

London, April 18.—Mrs. Flora Drummond ("The General"), one of the suffragette leaders, was ordered to appear in Bow street police court today on a charge of inciting to crime. The summons was issued under an act of Edward III., which allows the government to take preventive measures to prevent disturbances of the peace.

## Freckle Face

Sun and Wind Bring Out Ugly Spots,  
How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from your druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### CONCERT AT CARTHAGE.

The Beulah Buck quartet will give a concert at the Friends church in Carthage Wednesday evening, April 23, at eight o'clock. The company gives a varied program of music and Mrs. Beulah Buck, in addition to being the soprano in the quartet, is an accomplished reader.

## Corn Planters

If you are needing a Corn Planter, come and see the Gale Shure Drop and the Sattley's New Way Corn Planters at

**E. A. Lee,** Hay, Grain, Wagons,  
Buggies & Implements  
None Better and the Price is Always Right

## Black Hawk Planter

Have plenty of them on hands, with Roller Bearing Disc Openers. They say they are the best Furrow Openers that ever were put on a planter. If you want the best one made on earth today, buy the Black Hawk Planter, for the reason that I have tried all of them made today and have found nothing better. Sam Young says that J. W. Tompkins won't tell you a lie, if he knows it. Sam says he thinks the Black Hawk Planter is the best one he ever saw work, and Sam won't lie. I have no stock in the Planter business, but Tompkins has them all beat to a standstill when it comes to Corn Planters.

## I Have One Feed Grinder Left

It has two sets of Burrs with each mill, (coarse or fine) for meal. Will grind cob corn, or any way you will want it ground, or oats and wheat mixed. Call and look it over. It is a horse power grinder. You will find this at

Dollar Diplomats In Bad With New Administration.

### WHETTING THE OFFICIAL AX

Certain Appointees in the Diplomatic Service of United States Who Are Said to Have Entangling Alliances Involving the Acquisition of a Little "Side" Money Are Reported to Be Due For Speedy Dismissal.

Washington, April 18.—President Wilson and Secretary of State Bryan, it has been disclosed, are planning to remove from the diplomatic service a number of men regarded by them as having entangling alliances with the dollar diplomacy of the last administration.

Though no names have been mentioned up to this time, the men the administration has in mind mostly are occupying posts in Latin-American countries. Publicity given the case of Henry L. James, formerly of the state department, but now serving by appointment from President Taft as one of the arbiters in the case of the Quito & Guayaquil railway, a New Jersey corporation, against the government of Ecuador, led to the official statement that changes in the diplomatic service are to come. The proposed recall of James is merely the beginning of a general movement along this line. Mr. James, it was said, was found to have an interest in the railroad involved in the case.

At the secretary's invitation the Latin-American ministers are hastening to recommend the removal of Americans who fill diplomatic posts in their respective countries, and it is expected there will be a general demand for the removal of those whose activities have been greatest. The administration intends, it is understood, to eliminate those whom it regards as too closely associated with dollar diplomacy and those who have business interests in the countries to which they are accredited.

The withdrawal of three treaties negotiated with Latin-American countries during the Taft administration and still pending in the senate is expected soon. Secretary of State Bryan now has the treaties under consideration and from the nature of their provisions there is every likelihood that they will be consigned to the waste paper basket.

Two of the treaties are the famous "loan conventions" with Nicaragua and Honduras, which were the subjects of controversy during the last two years of the Taft administration. They are practically identical and provide for the rehabilitation of the finances of these two governments under conditions meeting the approval of the United States.

The third treaty is one negotiated with Nicaragua only a few weeks before the close of the Taft administration. This treaty gives to the United States the exclusive right to construct an interoceanic canal across Nicaragua via the general route which at any time should be selected by any nation that attempted to link the Atlantic with the Pacific.

### HAD NO TIME TO ESCAPE

Guests of Hotel Caught When Firetrap Burns.

Malone, N. Y., April 18.—Seven persons were burned to death and fifteen others were seriously injured when fire destroyed the De Wilson hotel here. Caught in their beds, thirty or more guests were shut off from escape as the flames shot up the stairways. Several women jumped from the third floor.

The fire started with an explosion, the cause of which is unknown. It ate up the old three-story wooden building almost as if it were paper.

Some of the guests were overcome in hallways and some in their rooms. Firemen managed to save several persons by getting them out of the windows, but there was little time for rescue work.

### ANOTHER FRUITLESS BALLOT

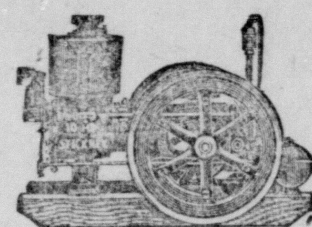

Daughters of Revolution Have Difficulty Electing a President.

Washington, April 18.—Another fruitless ballot by the Daughters of the American Revolution for president general resulted in Mrs. William C. Story of New York city, making a gain of eighteen votes over her count of the first ballot, concluding with 574. Mrs. John Miller Horton of Buffalo gained twenty-three votes, finishing second with 542. Necessary to a choice, 599. Mrs. Charles B. Bryan of Memphis, Tenn., lost sixty-one votes from her original lot. Another ballot is being taken today.

### Body Was Cut in Two.

Indianapolis, April 18.—The body of Louis Shanabarger of Peru, a Lake Erie & Western engineer, was found on the tracks north of Liberty street, where the engineer apparently had been run down by a passing locomotive. The body was cut in two at the waist. Shanabarger had gone to the East street yards to prepare for a trip, and it is believed a passing locomotive ran him down.

### County News

#### Plum Creek.

It looks as though we may have some better weather. Everything looks so spring like and it is getting warmer.

Mr. and Mrs. Will Fry of Indianapolis are spending a few days with relatives in this vicinity.

Geo. Billings has purchased a new auto. He don't believe in taking the slow way any longer.

The Aid Society of the Plum Creek church meets in the church parlor on

Thursday afternoon for the purpose of quilting.

Miss Nellie Hays is going to be a student in the Muncie school beginning the coming week.

The C. W. B. M. Society held a very interesting meeting Wednesday afternoon at the home of Mrs. Fred Bell, with Mrs. Earl Riffey as leader, after which refreshments were served by the hostess.

Owing to the rainy weather the commencement at Plum Creek was not so well attended as would have been the case had it been nice weather. However, C. S. Black of Manilla pleased the audience with his talk. The music also was entertaining.

Just step to one side when you meet Walter Carson, as he now has a new auto.

#### Out East.

Harry York and wife entertained at dinner Sunday, Tom Mosburg, wife and sons Fred, Vern and Wilbur, Tom Case, wife and daughter Mildred and Bert Timberman of Glenwood.

Barney Huffman and wife entertained Fred Kennedy and family at dinner Sunday.

Will Kennedy and Clifford Stevens were guests of their uncle, Riley Kennedy and family, near Andersonville Saturday night and Sunday.

Mrs. Minnie Kennedy and children spent Thursday the guests of her parents, John Mock and wife at New Salem.

Amos Stevens and wife were transacting business in Rushville Saturday evening.

Tom Case and family, Harry York and family took supper with Matt West and family Wednesday evening.

Bert West of near Milroy and Edward West of near Sexton, were guests of their parents, Mat. West and wife Saturday night and Sunday.

Mrs. Minnie Kennedy and children and Mrs. Ethel York and son Harold were guests of Mrs. Mat. West Wednesday evening.

OLD PAPERS—Nice clean newspapers—5 cents a large bundle at The Daily Republican office.

### To Pleasingly Complete Your Dinner—

there is nothing more satisfying than a dainty, delicious dessert made with Knox Gelatine. It can be served in most attractive and dainty fashion, will be enjoyed by everybody, and altogether is a pleasing departure from the ordinary desserts. And they are simple and easily made—try this one today—

#### Chocolate Blanc Mange

1 envelope Knox Sparkling Gelatine.  
1 quart sweet milk. ½ cup cold water.  
1 cup sugar. 2 ounces grated chocolate.

Soak the gelatine in the cold water five minutes. Boil the sweet milk with sugar and grated chocolate and a little salt five minutes. Then add dissolved gelatine, stirring constantly. Flavor with Vanilla, and pour into mold. Serve with whipped cream.

Two Packages—Plain and Acidulated.  
Both Making Two Quarts (½ gallon) of Jelly.

With the Plain Sparkling, lemons are used for flavoring; but with the Acidulated package comes an envelope of concentrated lemon juice—a great convenience when too busy to squeeze lemons. Both contain a tablet for coloring.

Let us send you the Knox Recipe Book and enough Gelatine to make one pint

—enough to try most any one of our desserts, puddings, salads, jellies, ice creams, sherbets, candies, etc.

Recipe book free for your green's name—post sample for 1c stamp.

#### Rural Typhoid.

We are coming to the season of the year usually marked in our cities by the annual spring increase of typhoid, attributed to infectious materials carried by freshets into water supplies. There has recently been a protest against what is called the rural origin of typhoid.

Typhoid is usually considered to be mainly, if not almost entirely, a water-borne disease. There is no doubt that drinking water has been responsible for the great majority of cases in large cities. Yet the water seems to be slightly, if at all, responsible for typhoid in New York. The proportion of cases to the population of the five boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, is about the same, though each borough has a special water supply. The more carefully the sources of New York's typhoid infections have been studied, the more frequently has milk been discovered to be the chief vehicle of infection. Efforts at control have resulted in decided improvement, but the education of the dairyman is a slow process, and dairy farming is still largely in the hands of the ignorant. After milk the most common source of typhoid fever in New York is infection of the patient while out of town. About one-quarter of all New York's typhoid infections are probably of rural origin. Any attempt on the part of New York further to reduce the incidence and the mortality of typhoid must consider the lessening of typhoid in the country places from which water, milk and food are drawn. During the past three years there have been an average of about 3,500 cases of the disease in the city, and about 550 deaths. This is too large a death-rate to be neglected.

The problem in New York is the same as that in other states. As our knowledge of sanitation grows, says The Journal of the American Medical Association, we realize that the health of the individual depends largely on the community in which he lives, and that the health of a community depends to a great extent on the health of other communities having commercial and other relations with it. It is, therefore, all-important to secure by general legislation such improvement of the health of smaller places as will assure large cities from being contaminated by them in the course of commercial relations. Properly directed, this will not inflict a burden on the smaller communities, but on the contrary by improving their health will prove of the greatest possible benefit.

BROOD SOWS FOR SALE—I will sell at farm three miles east of Orange, ten brood sows soon to farrow. All are bred up from immune hogs and in excellent state of health. Call Quincy Gray farm, Orange Mutual, or 1177 Rushville. 30t3.

## AUTO FRIGHTENS VALUABLE MARE

She Plunges Into Sharp Projection  
and is Fatally Injured—Blood  
Poisoning is Feared.

#### CARTHAGE MAN IN MACHINE

A valuable farm mare owned by Charles Madison was probably fatally injured the other day in Knightstown. Mr. Madison was engaged in hauling steel bridge work for the New Castle Bridge Co., and had on a heavy load of the material to remove it to a point near the Charles Wallace farm in Rush county, where they are putting in a new structure, when an automobile came along on the road and frightened the team. Projecting over the front part of the wagon was a sharp edged piece of steel. The mare lunged against this projection cutting a gash to the bone in her hip and several inches in length. The mare bled profusely from the gaping wound. The veterinarian, was at once called and did what he could to relieve the injured mare. Mr. Madison says if she gets over the hurt he doubts if she will ever amount to anything. Blood poisoning is now feared. The auto was driven by a man named Moore of Carthage.

William Pugh, son of Mr. and Mrs. Jess Pugh, who has been ill with pneumonia, is rapidly recovering.

## RHEUMA DRIVES OUT RHEUMATISM

After 25 Years of Misery, This Man  
Walks, Works and Feels  
Fine Again.

Right away—the first day you start to take RHEUMA—the Uric Acid poison begins to dissolve and leave the sore joints and muscles. Its action is little less than magical.

RHEUMA works so speedily you actually can feel the Rheumatism leaving the body. A bottle costs but 50 cents, and if you are not satisfied Johnson's Drug Store will return your money. Read this:

"I wish to state to you the facts and, nothing but the facts. I bless the day a friend brought me a 50

cent bottle of RHEUMA. I used one-half of it and it did me more good than all the other medicines I ever tried. I had been afflicted with Rheumatism all over my body for more than 25 years; I could not walk, and was a broken-down man. During that time I spent a small fortune trying to be rid of the terrible disease, but without help. However RHEUMA reached my case, and I thank God I can again use my feet and do my work.

"Before taking your medicine I was staying with a daughter on her farm, and despite her loving efforts to tempt my appetite I could not eat. After I had taken RHEUMA two days my appetite returned. Yours for prosperity."—Prof. H. H. Kolling, 7 S. Ninth St., Richmond, Ind., Oct. 10, 1912.

### The Turning Point

## ASSESSED WHERE TESTATOR LIVED

Attorney General Rules That Residence of Beneficiaries is Not Regarded in Taxing Estate.

### IS OPINION TO TAXING BOARD

Regardless of the place of residence of the beneficiaries, an estate held in trust is taxable in the county and township in which the testator lived at the time of his death, Attorney General Honan holds in an opinion given the state board of tax commissioners. The question arose in connection with the assessment of the estate of the late William C. Smith of Williamsport, Warren county. Smith, by his will, bequeathed to his executor \$110,000, to be held in trust by him for four nephews and one niece. The nephews and niece are to receive the proceeds from the money in trust. Eddie Stevenson and two grandnephews are also to receive the proceeds from smaller sums. Some of the beneficiaries live in Illinois, others in Warren county, Indiana, and still others in Lafayette, Indiana.

"If Smith's place of residence at the time of his death was not in a town or city, then the property is subject only to the township tax at the place of his death and, of course, subject to state and county taxes," said the attorney general. "On the other hand, if he were a resident of a town or city it is also subject to a tax by such town or city."

## FARMERS SCARCE ARTICLE HERE NOW

They Are Busy Walloping Over the Sod to Get in Their Crops That Are Late Now.

### THEY ASK GOOD WEATHER

Farmers have been a scarce article in Rushville the last day or two. There is a reason. The ground has dried out enough to enable them to plow and they are walloping over the sod. To no class is the return of sunshine and settled weather more grateful than to the farmers. In Rush county farm work is badly behind, made so by the long season of rains. It is said this condition exists all over the state. It is late for oats sowing and corn planting is sure to be a little belated. However, if Rush county farmers can have reasonably good weather for the next three or four weeks they will be in good shape with their crops despite the late start.

### BODY IS FOUND IN WATER.

The body of an unidentified man was found in Whitewater river opposite the city of Connersville Wednesday. It had lodged against a snag. Apparently it had been in the water a long time, as the flesh had almost entirely disappeared from the head and face. No papers that would aid identification were found.

Arthur Kenner who will graduate from Purdue University this June, is expected home Friday to spend the week end with his parents, Mr. and Mrs. Chas. B. Kenner.

John Carr says that the automobile in which he was riding Sunday night did not slip up behind Mr. and Mrs. George Bogue's buggy but passed it in the road, and the horse was driven down the embankment and the buggy upset. He declares he ran back and stopped the horse so Mr. and Mrs. Bogue could climb from under the overturned buggy. His brother was driving the auto.

### MASONIC NOTICE.

Phoenix Lodge will confer the F. C. degree upon a class Friday evening, April 18th. A large attendance is desired.

## TO COST COUNTY OVER \$100,000

Continued from Page 1

and roads, regardless of the cost.

The following are the estimates on new bridges: White bridge over Six Mile creek on the Hancock-Rush county line, \$5,962; Henry Leisure bridge over a ditch in Jackson township, \$1,570; F. L. Ferree bridge in Anderson township, \$1,000; E. Myers in the same township, \$1,000; J. W. Anderson bridge in the same township, \$800; Henry Davis bridge in the same township, \$750; J. M. Farlow bridge in the same township, \$900; D. C. Aldridge bridge in the same township, \$900; William Booth bridge in the same township, \$1,800; Isaac Webb bridge in Rushville township over Flatrock, \$1,700; U. S. Maffett bridge in the same township, over Hurricane creek, \$3,000; Noah Matlock bridge in the same township, \$1,500; Frank Capp bridge in the same township, \$1,700; A. L. Winship bridge in the same township, \$2,000; F. G. Eubank bridge over Ben Davis creek in Union township, \$1,500; James W. Anderson bridge over Clifty creek in Richland township, \$6,000; David Sloan bridge in Rushville township, \$900; Frank Wilson bridge in Noble township, \$1,000; Frog Pond bridge in the same township, \$1,000; Sabert Offutt bridge in Posey township, \$1,600.

Alba Hurst bridge in Walker township, \$1,500; William Jeffries bridge over Mud Creek in Ripley township, \$1,800; John Bowles bridge in Center township, \$1,400; Thornberry Ford bridge, for which the contract has been let but which has never been started, an additional 75-foot span, \$3,800, and a separate 75-foot span over bayou about 100 feet east of east end of present proposed bridge, \$4,300; Lem Hill bridge over Middle Creek in Washington township, \$2,600.

The repairs for the following bridges are set out in the estimates: Maranda Kiplinger bridge in Jackson township, north abutment, \$300; Manchine bridge repair, \$400; Leonidas Keisling in Richland township, abutment, \$400; Arlington bridge over Blue river, wing of north end, \$400; Thomas Dyer bridge over Little Blue river in Posey township, two abutments, \$1,500; N. Poston bridge over Little Flatrock in Noble township, two abutments, \$2,000.

The grade and stone will have to be replaced at two points on the Seward Whitman et al. road in Anderson township at a combined cost of \$3,700, according to the estimate. The same repair work on the James A. Brown et al. road will cost \$2,400. It is estimated it will cost \$1,200 to repair the grade and the brick street just south of the big bridge over Flatrock.

The following appropriations were made for back fees, legalized by acts of the last legislature: auditor's fees, \$400; treasurer's fees, \$400; Sheriff William Bainbridge, \$27.77; Sheriff W. L. King, \$145.05; Sheriff C. L. Bebout, \$945.30; Clerk Vern Norris, \$136.75; Insanity inquest fees, \$141; subsidy election, \$96; to Hilligoss as road superintendent, \$36.

### HEALTH BOARD INSPECTION.

The members of the city board of health made an inspection tour this morning of the cellars that were flooded. He said their general sanitary condition was good, but that there were a few which would have to be cleaned yet.

## What Will You Give For This?

**Will Be Sold to the Highest Bidder**

### OUR STYLE "M" 88 NOTE PLAYER. THE LATEST OUT

Now if you want a first-class Player-Piano, get busy and put in your bid. The instrument is on display in show window of BOXLEY'S PIANO STORE, 133 West Second street, giving all a chance to see and hear it played. This instrument plays all classes of music and plays it well. It is a high-grade Piano and can be played in the regular way, or can be instantly converted into a self-playing piano. Anyone can play the music rolls without knowledge of music. This Player-Piano contains a very expensive mechanism—the best that money and skill can produce. The price is \$650.00. Come to BOXLEY'S PIANO STORE, examine this Player-Piano for yourself, it is open for inspection, and if you wish to make a bid on it—say what you are willing to give.

### NAME YOUR OWN PRICE

This is the Manufacturer's offer:—To sell this Style "M" Player-Piano at auction to the one highest bidder, simply as a means of advertising. All bids to be made out plainly on coupon, sealed in an envelope and sent to the BOXLEY PIANO STORE this week.

**ALL BIDS MUST BE IN BEFORE 9:30 O'CLOCK SATURDAY NIGHT, APRIL 26, 1913.**

Bids received after this time will not be considered. TERMS OF SALE:—CASH, or 6 months note and 12 months note subject to our approval, bearing 6 per cent interest equivalent to cash.

If you wish catalogue and literature regarding this Player-Piano write to us. We buy and sell used Pianos or Organs at fair cash value. See us if you wish to exchange

**MONUMENTS! MONUMENTS!**

Our stock of monuments this season, surpasses anything we have heretofore carried, embracing a neat selection from the modestly plain to the elaborately carved from model designs.

An order for a monument placed now will insure its erection for Decoration Day.

The Products from the numerous quarries in the Barre, Vermont, district vary, not alone in color, but also in quality of stock. Who selects yours?

Montello and Millstone granite are of one uniform quality, the highest grade of monumental granite quarried.

**JOHN E. WAYMAN**

Former Prosecutor at Chicago  
Tries to Take His Own Life.

**ABERRATION OF THE MIND**

Leads John Wayman to Attempt Self-Destruction.

Chicago, April 18.—John E. Wayman, former state's attorney and candidate for the Republican nomination for governor at the last election, shot himself twice below the heart at his home in this city, and three physicians are working over him in a desperate attempt to save his life. The doctors say it will be a miracle if they are successful. It is said the shooting was an attempt at self-destruction while the victim was suffering from temporary aberration of the mind, caused by a nervous breakdown due to overwork.

**POPE'S CONDITION IS NOT MUCH IMPROVED**

Physicians Admit Inability to Predict.

Rome, April 18.—Vatican authorities continue their efforts to keep secret all information as to the pope's condition. It is certain, however, that the symptoms of death which were visible the earlier part of the week now have disappeared, although the general condition of the pontiff has not changed. The cough is as bad as ever and he is suffering from great weakness. The administration of heart stimulants and hypodermic injections continues. The pope's persistent loathing for food is a serious factor in his illness and has aggravated his weakness and brought on diarrhoea. It is believed that the lull in the symptoms indicates that there has been no real improvement in the pontiff's condition, but that it is merely a delay in the inevitable end.

King Victor Emmanuel and Queen Elena make daily inquiries as to the condition of the pontiff. The government, desiring to be assured of the real condition of the pope, summoned Professor Marchiafava, who is a state officer, and the other physicians and asked them to make a direct report as to the pontiff's condition. They replied with the declaration that it was extremely difficult to say that the pope's constitution would overcome the present crisis. The physicians added that even if it did his condition was precarious and the end might be expected at any time.

**Druggists Sentenced to Jail.**  
Sullivan, Ind., April 18.—Frank McCracken and Joe Atkinson, druggists, found guilty of illegal liquor selling, were given thirty days each. The court allows one to serve at a time so the other may operate the drug store.

**TERSE TELEGRAMS**

Three firemen were killed, two are dying and ten more are seriously injured in a Philadelphia factory fire.

Alegro, the anarchist, who attempted to assassinate the king of Spain, will be tried by an ordinary tribunal instead of by a military courtmartial.

The coal operators of Kanawha county, West Virginia, have accepted Governor Hatfield's proposal for a settlement of the miners' strike.

The London Standard says that Scotland Yard recently learned of a plot of the militant suffragettes to burn its building because of the hostility of the paper to their methods.

All conferences of the Republicans of the house will in future be open to the public and press, a resolution to this effect having been adopted without opposition at a conference of Republican representatives.

The Massachusetts legislature has passed a resolution to provide for an amendment to the constitution authorizing the legislature to enact a law to allow cities and towns to purchase and sell to their inhabitants the necessities of life.

It is said that the president has decided to appoint George W. Guthrie, former mayor of Pittsburgh, ambassador to Japan; Charles R. Crane of Chicago ambassador to Russia, and Frederick C. Penfield of New York minister to Spain.

**"Pittsburgh Perfect" Fence**

Save Money on your Fencing by Putting up the Style Made to Meet your Requirements

It's downright foolishness to buy light chicken wire to put around your bull pasture—and you know it. Then they put up a brand new stock fence.

But some people do it because they don't think beyond the price-ticket on the roll of fence—at least not until they've had to patch the chicken wire a dozen times or so where that bull went through. There's no economy in that kind of fence-buying. The right fence in the first place costs less.

Our free catalogue tells how to buy fencing economically, effectively, wisely. Get it today and save money.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

**Every Rod Guaranteed**

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.

"Pittsburgh Perfect" Brands of Barbed Wire: Bright, Annealed & Galvanized Wire; Twisted Cable Wire; Hard Spring Coil Wire; Fence Staples; Poultry Netting Staples; Regular Wire Nails; Galvanized Wire Nails; Large Head Roofing Nails; Single Loop Bale Ties; "Pittsburgh Perfect" Fencing. All made of Open Hearth material.

If you are interested in Wire Fencing, write for FREE copy of our ALMANAC, 1913—

**Pittsburgh Steel Co.**  
Pittsburgh, Pennsylvania

**Oldham Likes Its Fun.**

While Oldham cannot claim to have any one of the twenty-two biggest cotton mills in England, it is the premier cotton town for all that, since it is pretty safe to say that it has more cotton mills to the square mile than any other town in the world. The Oldham people are peculiar. They are steady and thrifty while they work, but, bent on pleasure, they want all they can get.

An Oldham family was returning from the annual holiday at Blackpool, and one of the daughters told the mother that they ought to have stayed another day.

"We couldna, lass," said the mother. "T' brass is all done."

"Well," retorted the undutiful daughter, "it's all thy fault. I told thee to sell t' clock ere we started, and thou can't say as I didn't."

And this anecdote is a true illustration of the Oldham character, too, for it has been estimated that in one week of the year Oldhamers spend something like £300,000, about £2 per head of the population. That is the week of "Oldham Wakes," when the mills stop working and everybody chases pleasure.—London Globe.

**RUSHVILLE PROOF**

Should Convince Every Republican Reader.

The frank statement of a neighbor, telling the merits of a remedy, Bids you pause and believe. The same endorsement By some stranger far away Commands no belief at all. Here's a Rushville case. A Rushville citizen testifies. Read and be convinced.

R. Morrison, blacksmith, 126 S. Main street, Rushville, Ind., says: "Doan's Kidney Pills are fine and I am glad to recommend them. I had backache and pains through my loins. It was hard for me to straighten after stooping and my kidneys were out of order. Doan's Kidney Pills made me entirely better."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Morrison had—the remedy backed by home testimony. 50c at all stores. Foster-Milburn Company, Props., Buffalo, N. Y. (Advertisement.)

We will be glad to make out your mortgage exemptions at Recordors office. CHAS. J. BROOKS, 304112. Recorder.

At Davis Bros. Livery Barn, Rushville, Indiana

**RONA FAVORIE, 46562**

He will make the season of 1913 at the above named barn at \$20 to insure living colts. Mares parted with forfeits the insurance. Colt stands good for season. Will not be responsible for accidents.

**O. J. COOK, Owner and Manager.**

**Make the Man Who Sells You a Buggy Show You Why**

you should buy the one he wants to sell you. Don't buy it just because he tells you it's made of second growth hickory and has a plugless yellow poplar body and full wrought gear. It may have, but if it has he can show you, so you will know beyond any doubt that it is made of the material he represents it to be made of and if he won't show you, you are justified in doubting his word, because any buggy built of this kind of material can be demonstrated in a way that will leave no doubt in your mind as to workmanship and material if it is built by men who know how to build buggies. If you are going to buy a buggy, take the time to visit our sample floor and let us show you how to find out what is beneath the paint on a buggy. We carry a complete line of buggies of all styles and if you are in the market a little time spent in our store will put you in a position to make a wise selection, whether you buy your buggy here or elsewhere. Get what you pay for when you buy your next buggy. There is a way to tell and we will show you how. Remember we sell the buggies that stay on the road longest and we guarantee every vehicle to be just as we represent it to you.

URGES SPRAYING  
OF FRUIT TREES

State Entomologist Advises Against  
 Use of Pisonous Spray Be-  
 cause of Damage Entailed.

WOULD HURT POLLEN CARRIER

Early Summer Application is to Con-  
 trol Insect and Fungus Enemies  
 of Trees and Fruit.

Because of the many inquiries that  
 have come to C. H. Baldwin, state  
 entomologist, at Indianapolis, con-  
 cerning the spraying of fruit trees  
 while they are in bloom, has promo-  
 ted him to send out some advice for  
 the benefit of fruit growers.

There is apparently considerable  
 confusion among the small orchard  
 owners and farmers who have never  
 given the question much study, es-  
 pecially about the proper time for  
 making the early summer applica-  
 tion of spray material to the fruit  
 trees. The entomologist says:

"The value of cross fertilization or  
 pollination in plants to produce  
 healthy seeds and perfect fruit is ap-  
 preciated by many. If the weather  
 conditions are favorable for the pol-  
 len to be carried by the wind, a great  
 deal of cross fertilization will result  
 thereby; but if there should be con-  
 siderable rain during the blooming  
 period of the fruit trees, whatever  
 cross pollination is done must be ac-  
 complished by insects carrying the  
 pollen grains from one flower to an-  
 other on the same tree and from the  
 flowers of one tree to those of another.

There are so few insects that visit  
 flowers at this season of the year  
 that the work of carrying the pollen  
 must be accomplished almost entirely  
 by the honey bee. To use a poisonous  
 spray, such as arsenate of lead,  
 while the trees are in full bloom is  
 not only a poison to the bees that  
 visit the sprayed blossoms, but will  
 also hinder the distribution of the  
 pollen grains by any other agency.

"The early summer applications of  
 spray materials are, of course, to  
 control the insect and fungus ene-  
 mies of the fruit trees and fruit. The  
 apple leaf-spot and apple scab, both  
 attack the leaves early in the season  
 and a fungicide should be used in  
 their control just prior to the open-  
 ing of the blossom buds. A good rule  
 to follow for this application is to  
 watch for the cluster of buds to  
 expand and look for the pink color-  
 ing to show.

"Arsenate of lead should be used  
 be used with the fungicide for the  
 control of eurolia, bud moth, etc.  
 The next application should be made  
 immediately following the dropping  
 of the petals. The fungicide used at  
 this time will result in a better con-  
 trol of the leaf diseases and is also  
 the important spray for the codling  
 moth or apple worm. This applica-  
 tion should be completed before the  
 blossom end of the young apple  
 closes, in order that the arsenical  
 poison may be deposited in the calyx  
 cup, through which a large percent-  
 age of the larvae of the codling  
 moths of the first brood enter the  
 fruit.

"It is very important that the foli-  
 age be kept clean from the attacks  
 of apple scab, in order to avoid  
 scabby fruit. This disease passes  
 the winter on infested leaves of the  
 previous season and spreads to the  
 young leaves as soon as they become  
 unfolded in the spring. The object,  
 therefore, of the early application,  
 before the blossom buds open, is to  
 head off the infection of the fruit by  
 keeping the leaves clean, from which  
 sources the fruit becomes diseased."

Inquiries relative to the control of  
 insect pests or plant diseases may be  
 addressed to the State Entomologist,  
 Indianapolis, Indiana, who will be  
 pleased to give advice.

## FINGERS LACERATED.

Wayne Edmondson, running a  
 "spooler" at the fence factory, on  
 Wednesday morning got his left  
 hand caught in the machinery and  
 two fingers were lacerated.

Miss Elsie Rae is the guest of  
 friends at Bloomington, Ind.

PUNISHABLE  
BY HEAVY FINE

Continued from Page 1

available at any time during the  
 progress of said work and which  
 shall cover all the expenditures of  
 said commission." State bonds may  
 be sold by the Governor, auditor and  
 state treasurer to provide necessary  
 funds.

An emergency is declared and the  
 act took effect the day it was ap-  
 proved.

House Bill 451 (Chapter 196), ap-  
 proved March 13, is the general ap-  
 propriations bill. It contains an  
 emergency clause and took effect the  
 day it was approved. It contains the  
 appropriations for the maintenances  
 of the different departments and of-  
 fices of the state government in pay-  
 ment of salaries and for the main-  
 tenance of the state educational,  
 benevolent and penal institutions.  
 Many salaries of subordinate officers,  
 stenographers and employes are in-  
 creased in small amounts, but the  
 proposed increase of the salaries of  
 judges of the supreme and appellate  
 courts, and most of the other large  
 increases of salaries, were eliminated  
 before the bill was passed.

House Bill 436 (Chapter 347), ap-  
 proved March 15, forbids persons to  
 practice law without first having  
 been duly admitted by some court. It  
 is declared to be a misdemeanor,  
 punishable by a fine not exceeding  
 \$100, to which may be added impris-  
 onment in jail not exceeding thirty  
 days, "for any person to hold him-  
 self as a practicing lawyer: to con-  
 duct the trial of a case in any cir-  
 cuit, criminal, city, or any sort of  
 this state, or to engage in the busi-  
 ness of a practicing lawyer, without  
 first having been duly admitted as an  
 attorney at law in some court of  
 general jurisdiction, or of appellate  
 jurisdiction of this state." The bur-  
 den of proving such admission is  
 put upon the defendant in prosecu-  
 tions under the act.

There is no emergency clause.

DRAFT IS TAKEN  
TO BROOKVILLE

Continued from Page 1

\$5 and the Richland township relief  
 committee, \$10.25.

Concerning the visit of the Rush-  
 ville men there last Sunday the  
 Brookville American says:

W. O. Feudner, B. O. Simpson, R.  
 W. Kennedy, R. G. Budd, S. L. Tra-  
 bue, Dr. F. M. Sparks, Wm. Stiers,  
 Chas. S. Green and R. E. Harrold  
 came over from Rushville Sunday  
 with four automobiles loaded to the  
 guards with bedding and other  
 household supplies. It being past  
 noon when they arrived, host Popper  
 prepared a lunch for them at his  
 "Court House Cafe" and after they  
 had departed a "silver plunk" was  
 found under each plate.

Gratitude from full hearts goes  
 out to all our neighboring hamlets  
 and towns for the generous outpour-  
 ing of material blessings so much  
 needed and for the brotherly solici-  
 tations and words of cheer accom-  
 panying the material gifts.

## FAILS TO LOCATE BULLET

Dostor Probes Wound in Russell  
 Hayes' Shoulder.

A Knightstown physician operated  
 on Russell Hayes of Knightstown  
 one day recently in an attempt to  
 locate and if possible remove the  
 bullet put there some time since  
 when young Hayes was shot in the  
 left shoulder by A. H. Varner. The  
 bullet was not located. The opera-  
 tion was quite painful and Russell  
 was very sore and stiff from the ex-  
 perience. In all probability another  
 attempt will be made at some future  
 date to locate and remove the bul-  
 let, when an x-ray machine will be  
 used. Young Hayes was so sore that  
 he could not raise his left arm.

## GORDON HOSIERY

for two reasons! First, because  
 we believe it to be the most de-  
 pendable hosiery made in each  
 of the materials in which it  
 comes, cotton, silk, lisle,  
 and pure silk—  
 And second, because we desire  
 to merit the confidence which  
 you have in us by offering you  
 goods that are made under a  
 well-known name in which you  
 also have confidence.

Once worn, they invariably  
 bring their wearers back for  
 more hose. Try them this sea-  
 son for your own good. For  
 men, women and children.

We Offer You Also  
 Forest Mills  
 Underwear

for the same reasons. We have  
 carried this same line of Under-  
 wear for so many years, with  
 such continued satisfaction to  
 our patrons and ourselves alike, that we cannot but be very enthusiastic  
 in its praises. When you pay out a certain price for underwear you  
 may as well get the best for the price. Let us prove to you that "Forest  
 Mills" is the best. Union Suits and separate pieces for men, women and  
 children. Bands, Reuben Shirts, Vanta Vests, Knit Waists, and binders  
 for infants—Vanta Diaper pattern free for the asking.
